RELEVANT PROJECTS

UI/UX design of a Retail Website

Personal Project - Current

Working as part of a team designing a website to increase online visibility to small retail shops.

UI design of a Mobile Application

Designed a mobile UI application to assist users in planning a trip with different individuals.

Development of an Android Application

Designed and coded an android application (using Java and Android Studio) that aimed to reduce food waste in households.

EDUCATION

Online Bootcamp: UI Design Program

February 2021 - October 2021

CareerFoundry

Mechanical Engineering

October 2015 - June 2016

University of Science and Technology of Krakow

Study Abroad: Erasmus Program

Bachelor of Science: Mechanical Engineering

September 2013 - September 2018

Universidad Miguel Hernández - Elche, Spain

EXPERIENCE

Junior Acoustic Consultant

NOVA Acoustics Ltd, London, UK

October 2017 - September 2020

My role involved undertaking acoustic testing, acoustic diagnostics, environmental surveying/reporting and occupational noise at work surveys. Providing support to senior staff on complex building and environmental acoustic projects and assisted in inducting and training new members of staff.

Technical Assistance

G.O.C Engineering Consultancy, Alicante, Spain

November 2016 - March 2017

I oversaw the repairs of Alicante airport roofs, ensuring the quality and execution of the construction work and recording day-to-day activities, incidents and conflicts.

Flight Coordinator

Ryanair, Alicante, Spain

June 2016 - September 2016

I coordinated activities on the ground to ensure the efficient turnaround of aircrafts from landing to take off and completed reports and logs according to company regulations.
